THE OPEN BIOMATERIALS SCIENCE JOURNAL

ISSN: 2665-9956

The Open Biomaterials Science Journal is an Open Access journal, which publishes research articles, reviews/mini-review, letters, case reports and guest-edited single-topic issues in all areas of biomaterials, biomedical device application, bioengineering, tissue engineering and medical items. These areas are:

- Engineered biomaterials, their biocompatibility and performance
- Fixed and Removable Prosthodontics
- Living tissue and its physical characteristics
- Orthopedic or Dental Implants
- Structural Biomaterials applied to Medicine
- Oral Surgery
- Plastic Surgery device
- Biomaterials Science
- Clinical Trials
- Management of Device
- Maxillofacial Surgery
- Medical Materials
- Operative Medicine

The Open Biomaterials Science Journal a peer-reviewed journal, is an important and reliable source of current information on important recent developments in the field. The emphasis will be on publishing quality papers rapidly and freely available to researchers worldwide.

Each peer-reviewed article that is published in a Bentham OPEN Journal is universally and freely accessible via the Internet in an easily readable and printable PDF format.
